

## ANOTHER HERCULEAN EFFORT AT THE ALLIES LINES

## LINES ARE STEADILY RECEDING

Allies Fighting on Defensive.

WHOLE ASPECT OF WAR CHANGED IN A WEEK

England Fully Realizes That Terrible Struggle Is Only Beginning.

London, Aug. 29.—News of the gravest character came from France, where in a single week the aspects of the operations have changed entirely.

Last week the allied armies were pursuing an offensive campaign on all the frontiers.

Now, according to official news received from Berlin, Emperor William is congratulating his people on the success of his army in putting the "iron ring" around the allied armies of Cambria, department Du Nord, France, to the Vosges, while Lord Kitchener, the British war minister, came into parliament with the announcement that troops from India are being called to help the British arms in France and that the British army is to be immediately reinforced.

The only consolation offered the British public was the testimony from Field Marshal Sir John French that in the heavy fighting against tremendous odds the British troops, who suffered severely, bore themselves with conspicuous bravery.

It already is realized that the terrible struggle is only at its beginning and that the German plan of campaign, openly revealed to Sir William Edward Goschen, then British ambassador to Germany, by Gottlieb von Jagow, the foreign secretary, as shown by the official paper published, namely, to strike the swiftest and strongest blow at France regardless of any hindrance, and then, when France is at Germany's feet, for Germany to turn her attention to the Russian attack, is being carried through ruthlessly.

Germans Outnumber Allies.

The offensive strategy of the allies is abandoned. The German army in vastly superior numbers has imposed on the allies a purely defensive strategy which is devoted to delaying as much as possible what seems to be an inevitable advance on Paris.

Little can be gathered from either British or French official accounts of the great battles of the past week. In fact, more is learned from what is omitted than from what is stated. The only thing that is clear is that the allies are fighting on the defensive upon ever receding lines, while it is becoming increasingly clear that the desire to make a brilliant coup in Alsace-Lorraine was a weak spot in strategy.

On the side of the allies, whose efforts are devoted to gaining time while the Russian hosts overrun Prussia, however, is the fact that their armies are still in being and that Germany may run some danger from their ever lengthening lines of communication.

That this danger is not negligible is shown by the news that Emperor William has ordered the mobilization of the last reserves to protect communications and occupy Belgium so that the troops now engaged in this work may be released to go to the front, where they are badly needed to replace Germany's heavy losses in killed and wounded.

The work of provisioning and supplying the German armies is greatly facilitated by the Germans being able to draw on Belgium for supplies.

On the eastern battlefield the war news continues favorable to the allies. The Russians continue to advance in East Prussia and Poland, neither the German nor the Austrian forces apparently being able to withstand them.

## RUSSIANS TAKE ALLENSTEIN

Czar's Forces Continue Their Advance in Prussia.

London, Aug. 29.—The Russian embassy here received advices from St. Petersburg to the effect that the Russians had occupied Allenstein, East Prussia, sixty-five miles south of Koenigsburg, after repulsing the Germans, who had brought up reinforcements.

In Galicia, the advices said, the Russians' advance continued and an Austrian regiment had been decimated.

## ADMIRAL VON BAUDISSIN.

One of the Commanders in Kaiser Wilhelm's Big Navy.

## LATEST DEVELOPMENTS IN EUROPE.

Fleets of Great Britain and Germany at last have come to grips and, according to the reports received from London, victory lay with the British. In a battle off the island of Helgoland in the North sea the Germans are reported to have lost two cruisers and two torpedo boats sunk, while another of their cruisers and many of their destroyers were battered in a fight with British warships.

The British boast not to have suffered the loss of a single vessel and declare there were no fatalities on board the vessels of their fleet. The German casualties were not stated.

The island of Helgoland lies forty-five miles off the mouths of the rivers Elbe and Weser.

It always has been regarded a point of great strategic value for the protection of the Kaiser Wilhelm canal and otherwise in the defense of Germany. Recent reports had it that a large part of the flower of the German navy lay in the waters adjacent to the mouths of the Elbe and Weser and that of the Kaiser Wilhelm canal.

## ACCUSES GERMANS OF BURNING TOWN

British Information Bureau Issues Statement.

London, Aug. 29.—The war information bureau announces the following: "The Belgian minister of foreign affairs reports that on Tuesday a German army corps, after receiving a check, withdrew in disorder to the city of Louvain.

"The Germans on guard at the entrance of the city, mistaking the nature of this incursion, fired upon their countrymen whom they thought were Belgians.

"In spite of all the denials from the authorities, the Germans, in order to cover their mistake, pretended that it was the inhabitants who had fired on them, whereas, the inhabitants, including the police, all had been disarmed more than a week before.

"Without inquiry and without listening to any protest the German commander announced that the town would be destroyed immediately. The inhabitants were ordered to leave their dwellings and some were made prisoners. The women and children were placed on trains, the destination of which are not known, and soldiers furnished with bombs set fire to all parts of the city. The splendid Church of St. Peter, the university buildings, the library and scientific establishments were delivered to the flames.

"Several notable citizens were shot. The city, which had a population of 45,000 and was the intellectual metropolis of the low countries, is now nothing more than a heap of ashes."

## Capture Three German Ships.

Chefoo, China, Aug. 29.—Three German merchant ships, the steamers Frisia, Hanametal and Paklat, have been captured by the British fleet and taken to Weihaiwei. A number of refugee women and children from Tsingtau on board the Paklat were transferred to another vessel and taken to Tientsin.

## Italy Prepares for War.

New York, Aug. 29.—A special dispatch from Athens to the New York World says the Italian government has ordered its general staff to be ready for action in a few days. It also states that the Bulgarians have invaded Serbia.

Special to The Dispatch:—

Paris, Aug. 29, 12:35 P. M.—Germany is gathering her complete strength for another herculean effort to penetrate the Allies lines and open an avenue for her advance on Paris. War office advices from the north and northeast all point to this movement being attempted at not less than three points. Exhausted German troops are being replaced with fresh ones.

## BOULOGNE PREPARES FOR CAVALRY RAID

Special to Dispatch:—

London, Aug. 29, 10:50 A. M.—The correspondent of the Express at Boulogne wires that preparations are being made there in anticipation of a German cavalry raid on the town.

## 5 RUSSIAN ARMY CORPS DEFEATED

Special to Dispatch:—

Berlin, by wireless to N. Y., Aug. 29, 10:50 A. M.—News of the defeat of five Russian army corps at South Allenstein was made public here today. It is regarded as encouraging and as greatly relieving the situation in East Prussia. It is said to insure the flank of the German positions.

## FOOTBALL MEM MAY FIGHT

Seven Thousand Trained Athletes Offer Services.

London, Aug. 29.—The incorporation of a brigade of football players into Lord Kitchener's new army is the latest proposal to be used in England. The war office and the Football association have received it with considerable enthusiasm.

The Football association has a membership of 7,000 trained athletes, who, it is suggested, might be better employed in charging the Germans on the battlefield than in charging each other on the football field.

The council of the association will meet Monday to decide if these 7,000 men shall be released from their present engagements and the football fields turned into drill grounds.

## REINSCH STARTS FOR CHINA

New Minister Confers With Wilson Before Leaving for Post.

Washington, Aug. 29.—Paul S. Reinsch, American minister to China, after conferences with President Wilson and Secretary Bryan, left for San Francisco to sail for Peking. Mr. Reinsch was in Switzerland when the European war broke. He familiarized himself while here with the attitude of the administration on Far Eastern questions.

## FRENCH LOSSES ARE HEAVY

General and Author Are Among Those Reported Killed.

London, Aug. 29.—A dispatch from Paris to the Reuter Telegram company says the French war office is beginning to publish lists of casualties among the officers engaged in the fighting and that already one general has been killed.

Among the deaths announced was that of Lieutenant Colonel Patrick Mahon, who fell fighting in Alsace. He came of old Irish stock and from the same family as the late Marshal MacMahon, once president of France. He was a regular contributor to the Temps and an author of military works. Philippe Millet, another writer, also figures in the casualty list among the wounded.

\*\*\*\*\*

## GERMAN TORPEDO BOAT SUNK OFF CHINA COAST.

Chefoo, China, Aug. 29.—The British torpedo boat destroyer Welland has engaged and sunk the German torpedo boat destroyer S-90.

\*\*\*\*\*

## Goethe.

Besides his five or six consummate works, which by universal consent are practically above criticism, it may be said that Goethe's songs are the best in the world. He is the greatest of all literary critics, and in subtle and abundant observation of human life and in the number and value of his wise remarks and pregnant sentences he is one of the greatest writers of all time. Goethe may be classed as one of the "greatest men."—New York American.

## Getting Things Shipshape.

"Dearest," said the sentimental bridegroom after the wedding ceremony, "do you think that I'll prove to be a satisfactory mate?"

"Oh, I guess you'll do all right," responded the practical bride, "and now look me over and tell me what you think of your captain."—Ladies' Home Journal.

## BELGIUM ENTERS PROTEST

Informers United 'States of Germans Burning Louvain.

Washington, Aug. 29.—Formal protest against the burning of Louvain by German troops as a violation of international law and the laws of humanity was submitted to the state department by Belgian Minister Havenith.

The minister was deeply moved when he left Secretary Bryan's office, where for the last week his visit has meant the record of pathetic history for his country.

"I bring this knowledge to the United States," the minister said sadly, "for it is not only Belgium who has to mourn. This thing concerns the whole world."

## RESULTS ON THE DIAMOND

## SINK FOUR GERMAN WARSHIPS

British Score Victory in North Sea.

## DAMAGE OTHER CRAFT

John Bull's Vessels Escape With Trifling Damage.

Washington, Aug. 29.—Fleets of Great Britain and Germany at last have come to grips and, according to the reports received from London, victory lay with the British.

In a battle off the island of Helgoland in the North sea the Germans are reported to have lost two cruisers and two torpedo boats sunk, while another of their cruisers and many of their destroyers were battered in a fight with British warships.

The British boast not to have suffered the loss of a single vessel and declare there were no fatalities on board the vessels of their fleet. The German casualties were not stated.

The island of Helgoland lies forty-five miles off the mouths of the rivers Elbe and Weser.

It always has been regarded a point of great strategic value for the protection of the Kaiser Wilhelm canal and otherwise in the defense of Germany. Recent reports had it that a large part of the flower of the German navy lay in the waters adjacent to the mouths of the Elbe and Weser and that of the Kaiser Wilhelm canal.

## ASSERTS VICTORY IS SURE

New French Ministry Issues Manifesto to Country.

Paris, Aug. 29.—The cabinet issued the following manifesto to the country: "Frenchmen: The new government has just taken possession of its post of honor and of the combat. The country knows it may count on its energy and that it gives itself with all its soul to the country's defense.

"The government knows it may count upon the country. Its sons are shedding their blood for the fatherland and liberty alongside the heroic Belgian and English armies.

"Certainly a great battle is waging, but it is not decisive. Whatever may be the result the struggle will continue. France is not as easy a prey as the insolence of the enemy imagines.

"Meanwhile our Russian allies march with decided steps toward the German capital that is pervaded with anxiety and inflect reverses on its troops.

"We ask of the country all the sacrifices and all the resources that it can furnish in men and energy. Be firm then and resolute. Let us have confidence in ourselves. Face to the frontier. We have the method and the will. We shall have the victory."

## WILL SUPPORT MINISTRY

French Socialists Say Nation Must Fight for Liberty.

Paris, Aug. 29.—The Socialist party issued a manifesto requesting M. Guesde to join the new cabinet of M. Viviani "at a time when the future of the nation and the life of France is at stake." M. Guesde accepted membership in the cabinet without portfolio Wednesday night.

"At a time when one of the centers of industry and life in France is threatened," the manifesto said, "national unity must be displayed in all its power. The whole nation must rise in defense of the soil and liberty. The head of the government thought that to sustain the nation in the contest he required the support of all, particularly of those who on behalf of the emancipated proletariat dread the crushing power of despotism."

## AUSTRIAN TROOPS SUFFER

Men Said to Have Been Placed on Half Rations.

Rome, Aug. 29.—The correspondent at Trieste, Austria, of the Messaggero says:

"A serious condition prevails at Pola, where the troops have been reduced to half rations. An entrenched camp is being constructed around Pola.

"The Austrian troops operating to the south have been ordered to remain on the defensive, as a large number of troops have been taken from Bosnia and sent to Galicia to oppose the Russians, who are making alarming progress."

## CONGRESSMAN CARY.

Would Place Embargo on Wheat and Flour Exports.

Photo by American Press Association.

## TO STOP FOOD EXPORTING

Congressman Cary Introduces Resolution in House.

Washington, Aug. 29.—Representative Cary of Wisconsin introduced a resolution directing the attorney general to take steps to protect consumers against manipulators of foodstuffs and requesting the president to put an embargo on wheat and flour shipments from this country, if in his discretion operations of speculators cannot be checked otherwise. It also directs the attorney general to inform the house what steps he has taken against the Chicago board of trade and similar institutions in connection with the rise in wheat prices.

## JAPANESE CRUISERS DRAW GERMAN FIRE

Two Warships Reconnoiter Position in China.

Tsingtau, China, Aug. 29.—Two small Japanese cruisers drew the first shots from the Tsingtau fortifications. Several shots dropped around one of the cruisers, whereupon the vessel fired one shot in reply and withdrew. It is reported that one German shell found its mark.

The Japanese vessels approached, evidently with the purpose of reconnoitering. They were within seven miles and plainly visible. Several shots from the forts dropped around the leading cruisers, raising columns of water, whereupon the vessels veered east and departed at full speed after having fired one shot.

During the engagement a German aeroplane flew over the sea. It is estimated here that the forts will be able to last eight months. They are still receiving fresh food supplies.

## WILL USE NATIVE TROOPS

Great Britain Bringing Men From India to Europe.

London, Aug. 29.—Native troops from India are now on their way to increase the British forces in France. This was made known through announcements in the house of lords by the Marquis of Crewe, secretary of state of India, and Lord Kitchener, secretary of state for war.

Lord Kitchener said that in addition to reinforcements which will be received from this country the government has decided that the British army in France should be increased. The Indian troops were chosen to increase the forces. Lord Kitchener added that all the gaps in the army in France are being filled up.

The Marquis of Crewe said the Indian people desired that the native soldiers should fight by the side of their comrades in the British army and that it would have been a disappointment to India if they had been debarrated from taking part in the war in Europe.

## FRENCH TAKE OFFENSIVE

Heavy Fighting Occurs in the Vosges Mountains.

London, Aug. 29.—An official statement issued by the French embassy said:

"Our troops took up the offensive in the Vosges, in the region between the Vosges mountains and Nancy, where fighting has been going on for a fortnight. The German losses were considerable.

"Longwy, which was garrisoned by only one battalion, has surrendered after holding out for twenty-four days."

## Steps to Protect Commerce.

New York, Aug. 29.—England has sent eighteen warships to the West Atlantic to protect commerce against the Karlsruhe and other German cruisers now seeking to capture vessels flying the British flag.

## READY FOR LONG SIEGE

Paris Has Powerful Defenses.

## THREE LARGE CIRCLES

Protection Consists of Forts and Solid Wall of Masonry.

Washington, Aug. 29.—The fortifications of Paris and their ability to resist a siege is receiving the close attention of military observers, now that Paris is the announced objective point of the German forces, and the French minister of war has adopted urgent means of strengthening the city's defenses to the utmost, although they are recognized by military experts as among the strongest fortifications in the world.

The fortifications consist of three distinct circles sweeping around the city—first, the solid wall of masonry eighteen feet high extending for twenty-two miles around the old sections of Paris; second, the system of seventeen detached forts arranged at intervals, two miles beyond the wall and making a circuit of the city thirty-four miles long; and third, an outer circle of forts seventy-five miles long on the heights commanding the valley of the Seine.

Each of these circles of masonry and steel is a complete defense in itself, the forts being linked together with redoubts, bastion and glacis which permit a cross fire against approach from any direction. The magnitude of the system is shown by its area, which exceeds 400 square miles.

Sustained German Siege. The wall around Paris and the seventeen detached forts two miles beyond the wall were built by Louis Philippe. They sustained the German siege of 1870-71 and the outer forts have since been greatly strengthened.

The third line of forts, on the hills of St. Germaine, Courmelles and Villiers, are of modern construction, with the latest types of batteries and heavy guns.

The inner wall about Paris surrounds the best known and most important sections of the city, including the business sections along the grand boulevards, the residence sections of the north and west of the city, and the Latin quarter and other sections on the left bank of the Seine.

On the outside of the wall a circle of suburbs extends for many miles, including Neuilly, Argenteuil, Versailles, Vincennes and many others. The forts of the second and third line of defenses are dotted among these suburbs, protecting them and the approaches to the capital.

## Some Gates Abandoned.

The wall contains ninety-three bastions and sixty-seven gates. Some of these have been abandoned, owing to the pressure of modern construction and trade.

But recent advices received here from Paris state that all the gates still existing are closed at 8 p. m., with rigid regulations against movements from within or without.

The second line of forts includes the famous fortress of Mont Valerian, which was the center of attack in the German siege of 1870. It is strengthened by two groups of works—Hauts Bruyeres and the Chatillon fort and batteries. South of the city is the row of forts at Ivry, Bietre, Mont Rouge, Vanves and Issy.

North and east of the city are three great forts around St. Denis and two others at Fort Aubervilliers and Fort Charenton, commanding the approaches from the great wood of Bondy.

The outer circle of forts, which are of the most modern type, have from twenty-four to sixty heavy guns and 600 to 1,200 men each. In all the three lines of defenses require 176,000 men to operate them, not counting troops assembled within the city.

According to military experts it would require a force of 500,000 men to invest these defenses.

## KAISER CALLS OUT HIS LAST RESERVES.

London, Aug. 29.—A Berlin official dispatch to the Wire-

less News confirms the statement that the Kaiser has ordered up his last reserves, which send all boys between the

ages of sixteen and twenty to the firing line. No statement

has been made as to the movement of armies.

\*\*\*\*\*

ANOTHER HERCULEAN EFFORT AT THE ALLIES LINES

Lines are Steadily Receding

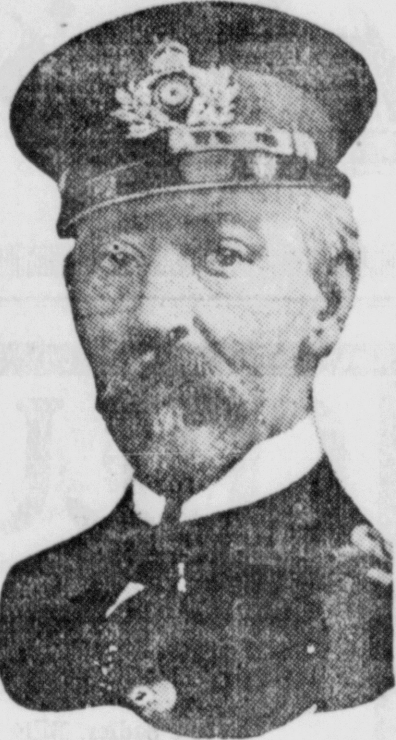

Allies Fighting on Defensive.

Whole Aspect of War Changed in a Week

England Fully Realizes That Terrible Struggle Is Only Beginning.

ADMIRAL VON BAUDISSIN.

One of the Commanders in Kaiser Wilhelm's Big Navy.

LATEST DEVELOPMENTS IN EUROPE.

London, Aug. 29.—News of the gravest character came from France, where in a single week the aspects of the operations have changed entirely.

Last week the allied armies were pursuing an offensive campaign on all the frontiers.

Now, according to official news received from Berlin, Emperor William is congratulating his people on the success of his army in putting the "iron ring" around the allied armies of Cambria, department Du Nord, France, to the Vosges, while Lord Kitchener, the British war minister, came into parliament with the announcement that troops from India are being called to help the British army in France and that the British army is to be immediately reinforced.

The only consolation offered the British public was the testimony from Field Marshal Sir John French that in the heavy fighting against tremendous odds the British troops, who suffered severely, bore themselves with conspicuous bravery.

It already is realized that the terrible struggle is only at its beginning and that the German plan of campaign, openly revealed to Sir William Edward Goschen, then British ambassador to Germany, by Gottlieb von Jagow, the foreign secretary, as shown by the official paper published, namely, to strike the swiftest and strongest blow at France regardless of any hindrance, and then, when France is at Germany's feet, for Germany to turn her attention to the Russian attack, is being carried through ruthlessly.

Germans Outnumber Allies.

The offensive strategy of the allies is abandoned. The German army in vastly superior numbers has imposed on the allies a purely defensive strategy which is devoted to delaying as much as possible what seems to be an inevitable advance on Paris.

Little can be gathered from either British or French official accounts of the great battles of the past week. In fact, more is learned from what is omitted than from what is stated. The only thing that is clear is that the allies are fighting on the defensive upon ever receding lines, while it is becoming increasingly clear that the desire to make a brilliant coup in Alsace-Lorraine was a weak spot in strategy.

On the side of the allies, whose efforts are devoted to gaining time while the Russian hosts overrun Prussia, however, is the fact that their armies are still in being and that Germany may run some danger from their ever lengthening lines of communication.

That this danger is not negligible is shown by the news that Emperor William has ordered the mobilization of the last reserves to protect communications and occupy Belgium so that the troops now engaged in this work may be released to go to the front, where they are badly needed to replace Germany's heavy losses in killed and wounded.

The work of provisioning and supplying the German armies is greatly facilitated by the Germans being able to draw on Belgium for supplies.

On the eastern battlefield the war news continues favorable to the allies. The Russians continue to advance in East Prussia and Poland, neither the German nor the Austrian forces apparently being able to withstand them.

RUSSIANS TAKE ALLENSTEIN

Czar's Forces Continue Their Advance in Prussia.

London, Aug. 29.—The Russian embassy here received advices from St. Petersburg to the effect that the Russians had occupied Allenstein, East Prussia, sixty-five miles south of Koenigsburg, after repulsing the Germans, who had brought up reinforcements.

In Galicia, the advices said, the Russians' advance continued and an Austrian regiment had been decimated.

SINK FOUR GERMAN WARSHIPS

British Score Victory in North Sea.

DAMAGE OTHER CRAFT

John Bull's Vessels Escape With Trifling Damage.

Washington, Aug. 29.—Fleets of Great Britain and Germany at last have come to grips and, according to the reports received from London, victory lay with the British.

In a battle off the island of Helgoland in the North sea the Germans are reported to have lost two cruisers and two torpedo boats sunk, while another of their cruisers and many of their destroyers were battered in a fight with British warships.

The British boast not to have suffered the loss of a single vessel and declare there were no fatalities on board the vessels of their fleet. The German casualties were not stated.

The island of Helgoland lies forty-five miles off the mouths of the rivers Elbe and Weser.

It always has been regarded a point of great strategic value for the protection of the Kaiser Wilhelm canal and otherwise in the defense of Germany. Recent reports had it that a large part of the flower of the German navy lay in the waters adjacent to the mouths of the Elbe and Weser and that of the Kaiser Wilhelm canal.

ASSERTS VICTORY IS SURE

New French Ministry Issues Manifesto to Country.

Paris, Aug. 29.—The cabinet issued the following manifesto to the country: "Frenchmen: The new government has just taken possession of its post of honor and of the combat. The country knows it may count on its energy and that it gives itself with all its soul to the country's defense."

"The government knows it may count upon the country. Its sons are shedding their blood for the fatherland and liberty alongside the heroic Belgian and English armies. "Certainly a great battle is waging, but it is not decisive. Whatever may be the result the struggle will continue. France is not as easy a prey as the insolence of the enemy imagines."

"Meanwhile our Russian allies march with decided steps toward the German capital that is pervaded with anxiety and inflect reverses on its troops."

"We ask of the country all the sacrifices and all the resources that it can furnish in men and energy. Be firm then and resolute. Let us have confidence in ourselves. Face to the frontier. We have the method and the will. We shall have the victory."

WILL SUPPORT MINISTRY

French Socialists Say Nation Must Fight for Liberty.

Paris, Aug. 29.—The Socialist party issued a manifesto requesting M. Guesde to join the new cabinet of M. Viviani "at a time when the future of the nation and the life of France is at stake." M. Guesde accepted membership in the cabinet without portfolio Wednesday night.

"At a time when one of the centers of industry and life in France is threatened," the manifesto said, "national unity must be displayed in all its power. The whole nation must rise in defense of the soil and liberty. The head of the government thought that to sustain the nation in the contest he required the support of all, particularly of those who on behalf of the emancipated proletariat dread the crushing power of despotism."

AUSTRIAN TROOPS SUFFER

Men Said to Have Been Placed on Half Rations.

Rome, Aug. 29.—The correspondent at Trieste, Austria, of the Messaggero says: "A serious condition prevails at Pola, where the troops have been reduced to half rations. An entrenched camp is being constructed around Pola."

"The Austrian troops operating to the south have been ordered to remain on the defensive, as a large number of troops have been taken from Bosnia and sent to Galicia to oppose the Russians, who are making alarming progress."

CONGRESSMAN CARY.

Would Place Embargo on Wheat and Flour Exports.

Photo by American Press Association.

TO STOP FOOD EXPORTING

Congressman Cary Introduces Resolution in House.

Washington, Aug. 29.—Representative Cary of Wisconsin introduced a resolution directing the attorney general to take steps to protect consumers against manipulators of foodstuffs and requesting the president to put an embargo on wheat and flour shipments from this country, if in his discretion operations of speculators cannot be checked otherwise. It also directs the attorney general to inform the house what steps he has taken against the Chicago board of trade and similar institutions in connection with the rise in wheat prices.

JAPANESE CRUISERS DRAW GERMAN FIRE

Two Warships Reconnoiter Position in China.

Tsingtau, China, Aug. 29.—Two small Japanese cruisers drew the first shots from the Tsingtau fortifications. Several shots dropped around one of the cruisers, whereupon the vessel fired one shot in reply and withdrew. It is reported that one German shell found its mark.

The Japanese vessels approached, evidently with the purpose of reconnoitering. They were within seven miles and plainly visible. Several shots from the forts dropped around the leading cruisers, raising columns of water, whereupon the vessels veered east and departed at full speed after having fired one shot.

During the engagement a German aeroplane flew out over the sea. It is estimated here that the forts will be able to last eight months. They are still receiving fresh food supplies.

WILL USE NATIVE TROOPS

Great Britain Bringing Men From India to Europe.

London, Aug. 29.—Native troops from India are now on their way to increase the British forces in France. This was made known through announcements in the house of lords by the Marquis of Crewe, secretary of state of India, and Lord Kitchener, secretary of state for war.

Lord Kitchener said that in addition to reinforcements which will be received from this country the government has decided that the British army in France should be increased. The Indian troops were chosen to increase the forces. Lord Kitchener added that all the gaps in the army in France are being filled up.

The Marquis of Crewe said the Indian people desired that the native soldiers should fight by the side of their comrades in the British army and that it would have been a disappointment to India if they had been debarred from taking part in the war in Europe.

FRENCH TAKE OFFENSIVE

Heavy Fighting Occurs in the Vosges Mountains.

London, Aug. 29.—An official statement issued by the French embassy said: "Our troops took up the offensive in the Vosges, in the region between the Vosges mountains and Nancy, where fighting has been going on for a fortnight. The German losses were considerable."

"Longwy, which was garrisoned by only one battalion, has surrendered after holding out for twenty-four days."

Steps to Protect Commerce.

New York, Aug. 29.—England has sent eighteen warships to the West Atlantic to protect commerce against the Karlsruhe and other German cruisers now seeking to capture vessels flying the British flag.

READY FOR LONG SIEGE

Paris Has Powerful Defenses.

THREE LARGE CIRCLES

Protection Consists of Forts and Solid Wall of Masonry.

Washington, Aug. 29.—The fortifications of Paris and their ability to resist a siege is receiving the close attention of military observers, now that Paris is the announced objective point of the German forces, and the French minister of war has adopted urgent means of strengthening the city's defenses to the utmost, although they are recognized by military experts as among the strongest fortifications in the world.

The fortifications consist of three distinct circles sweeping around the city—first, the solid wall of masonry eighteen feet high extending for twenty-two miles around the old sections of Paris; second, the system of seventeen detached forts arranged at intervals, two miles beyond the wall and making a circuit of the city thirty-four miles long; and third, an outer circle of forts seventy-five miles long on the heights commanding the valley of the Seine.

Each of these circles of masonry and steel is a complete defense in itself, the forts being linked together with redoubts, bastion and glacis which permit a cross fire against approach from any direction. The magnitude of the system is shown by its area, which exceeds 400 square miles.

Sustained German Siege.

The wall around Paris and the seventeen detached forts two miles beyond the wall were built by Louis Philippe. They sustained the German siege of 1870-71 and the outer forts have since been greatly strengthened.

The third line of forts, on the hills of St. Germaine, Cornelilles and Villiers, are of modern construction, with the latest types of batteries and heavy guns.

The inner wall about Paris surrounds the best known and most important sections of the city, including the business sections along the grand boulevards, the residence sections of the north and west of the city, and the Latin quarter and other sections on the left bank of the Seine.

On the outside of the wall a circle of suburbs extends for many miles, including Neuilly, Argenteuil, Versailles, Vincennes and many others. The forts of the second and third line of defenses are dotted among these suburbs, protecting them and the approaches to the capital.

Some Gates Abandoned.

The wall contains ninety-three bastions and sixty-seven gates. Some of these have been abandoned, owing to the pressure of modern construction and trade.

But recent advices received here from Paris state that all the gates still existing are closed at 8 p. m., with rigid regulations against movements from within or without.

The second line of forts includes the famous fortress of Mont Valerian, which was the center of attack in the German siege of 1870. It is strengthened by two groups of works—Hauts Bruyeres and the Chailillon fort and batteries. South of the city is the row of forts at Ivry, Ecluse, Mont Rouge, Vanves and Issy.

North and east of the city are three great forts around St. Denis and two others at Fort Aubervilliers and Fort Charenton, commanding the approaches from the great wood of Bondy.

The outer circle of forts, which are of the most modern type, have from twenty-four to sixty heavy guns and 600 to 1,200 men each. In all the three lines of defenses require 170,000 men to operate them, not counting troops assembled within the city.

According to military experts it would require a force of 500,000 men to invest these defenses.

KAISER CALLS OUT HIS LAST RESERVES.

London, Aug. 29.—A Berlin official dispatch to the Wire- less News confirms the statement that the Kaiser has ordered up his last reserves, which sends all boys between the ages of sixteen and twenty to the firing line. No statement has been made as to the movement of armies.

Stops to Protect Commerce.

New York, Aug. 29.—England has sent eighteen warships to the West Atlantic to protect commerce against the Karlsruhe and other German cruisers now seeking to capture vessels flying the British flag.

Subject of sermon, "The School of Life." Prayer and praise service on Thursday evening at 8 o'clock. One and all are cordially invited to attend all of these services. Rev. A. B. Colvin, pastor.

ABOUT PINE RIVER GAME

Pine River Sentinel-Blaze Gives an Account of Last Sunday's Game With Brainerd

In its last issue of the Pine River Sentinel-Blaze, Editor E. B. Dahl, who umpired in Brainerd, gives an account of Sunday's Pine River-Brainerd game:

"Last Sunday our ball team drove through slush and rain to Brainerd where they were scheduled to play the fast semi-professional team for a \$200 purse. The day was cold and dreary, but the game was called at 3:15. Our boys evidenced a slight attack of stage fright from the start,

but soon got over it and convinced the semi-pros that we could play the game. Bowman was touched up pretty hard in the start of the game, but settled down and altogether struck out 13 of the opposing batters, among them the best on the team, and allowed nine hits. Our team secured but three hits, but would have scored except for unusually poor base running. Brainerd earned but one of the three runs they got, while their hits, assisted by a total of five errors by the Pine River boys, gave them the three of the four double plays of the game and kept their opponents worried all the time. A batting rally at any stage would have changed the final results.

"But it was worth the price to get recognition from those chesty Brainerdites. They have held themselves aloof and sneered at us when asked for a game, and since Sunday, when they were challenged to a return game to be played either at Pine River or Pequot, they report that they have disbanded. We wonder whether the people of Brainerd who support the team will stand for it."

In reply it may be stated that Brainerd has not disbanded. Bowman fanned but 5 men and not 13 as claimed.

E. Hove, professor of theology at Luther Seminary, St. Paul, and family spent a week at "Cape Comfort" with his brother-in-law and sister, Mr. and Mrs. C. Hougstad. They returned to St. Paul Thursday.

For Sale—A well improved 160 acre farm six miles from Brainerd. Telephone, R. F. D. and good ore attraction. No reservation. \$30 per acre. Owner will give part time, take in a late model car or acreage nearer city. See the Security National Loan Company—Adv. 65

Mrs. R. H. Tenney, who has been visiting her parents, Mr. and Mrs. F. B. Congdon of Oak Lawn, left on the morning train for her home in Minneapolis. She was accompanied by her sister, Mrs. Sadie Campbell, who will spend a couple of weeks there visiting friends.

William Englund has returned from a motorcycle trip to Minneapolis. Last Sunday Englund did the Paul Revere act and whirled out to Nokay Lake, 6 1/2 miles, in 14 minutes and brought back Left Fielder Swedie Erickson and planted him in his usual position.

Morris D. Folsom, pianist, of Minneapolis, has located in Brainerd and will accept students in piano instruction. Mr. Folsom has studied several seasons with the leading exponents of the Leschetitzky method in the United States, two seasons of which have been spent in Boston. Mr. Folsom will be found at 311 North 4th street after Sept. 1st where arrangements may be made for lessons.—Adv. 7316

Louis Larson, a widower, aged 60, died last night of pneumonia and heart trouble at a local hospital. He leaves a son and daughter in town, a daughter and sister in Tacoma, Wash. The funeral will probably be on Monday, although no positive announcement can be made until all relatives are communicated with.

Mrs. Sam Parker has returned home from a lengthy visit at the lake at Merrifield. Guests of her are her sister, Mrs. William McChesney and daughters, the Misses Belle and June McChesney, of Williston, N. D. Now that Mrs. Parker is home again, Mr. Parker says he will commence living again, as previously he had been subsisting on his own system of home cooking. It is said the stack of dishes which greeted the eyes of Mrs. Parker nearly overwhelmed her.

As a young man or woman—would

Seventh St. Norwegian Lutheran—There will be no morning services, the pastor, Rev. M. L. Hostager, being at Deerwood. In the evening Rev. Hostager will preach in Brainerd on "The Secret of Spiritual Life." Solo by Miss Anna Michaelson.

First Baptist church—Morning worship at 11:00 a. m., sermon subject, "The Shadow You Cast." Evening service at 8:00 o'clock. Subject "Esau's Birthright and Ours." The Bible school will meet at 9:45 a. m. B. Y. P. U. at 7:00 p. m. You are cordially invited to all services of the church.

Evangelical church northeast—The pastor will preach both morning and evening. Subject for sermon at 11:00 a. m., "What Do Ye More Than Others." Evening at 7:45, subject, "Elijah's Weakness." Bible school at 9:45 a. m. Y. P. A. at 7 p. m. Anthems both morning and evening. You are welcome.

The Swedish Baptist church—Morning service at 10:30. Subject of sermon, "Spiritual Sleepers." The Sunday school meets at 12 o'clock. Young peoples meeting at 7:45 p. m. Evening service at 8 o'clock. Subject of sermon, "The School of Life." Prayer and praise service on Thursday evening at 8 o'clock. One and all are cordially invited to attend all of these services. Rev. A. B. Colvin, pastor.

#### ABOUT PINE RIVER GAME

Pine River Sentinel-Blaze Gives an Account of Last Sunday's Game With Brainerd

In its last issue of the Pine River Sentinel-Blaze, Editor E. B. Dahl, who umpired in Brainerd, gives an account of Sunday's Pine River-Brainerd game:

"Last Sunday our ball team drove through slush and rain to Brainerd where they were scheduled to play the fast semi-professional team for a \$200 purse. The day was cold and dreary, but the game was called at 3:15. Our boys evidenced a slight attack of stage fright from the start,

but soon got over it and convinced the semi-pros that we could play the game. Bowman was touched up pretty hard in the start of the game, but settled down and altogether struck out 13 of the opposing batters, among them the best on the team, and allowed nine hits. Our team secured but three hits, but would have scored except for unusually poor base running. Brainerd earned but one of the three runs they got, while their hits, assisted by a total of five errors by the Pine River boys, gave them the other two. Pine River made three of the four double plays of the game and kept their opponents worried all the time. A batting rally at any stage would have changed the final results.

"But it was worth the price to get recognition from those chesty Brainerdites. They have held themselves aloof and sneered at us when asked for a game, and since Sunday, when they were challenged to a return game to be played either at Pine River or Pequot, they report that they have disbanded. We wonder whether the people of Brainerd who support the team will stand for it."

In reply it may be stated that Brainerd has not disbanded. Bowman fanned but 5 men and not 13 as claimed.

## LAST GAME OF SEASON SUNDAY

Home Game With "Colored Gophers" of Minneapolis Last Time to See Brainerd Lineup

### ACTOR AND GAVIN BATTERY Two or Three Brainerd Players to Break Into Organized Baseball Next Year

The big game tomorrow between the Brainerd team and the Colored Gophers will be the last home game of the season and perhaps the last game the present Brainerd team will play together as next year two or three of the players will take a crack at organized ball and new players will have to be developed.

Next Saturday, Sunday and Monday the team has been offered dates at Hibbing, Minn., to play for the state championship and have accepted the three game series there next Saturday, Sunday and Monday, Sept. 1st, 6th and 7th. Hibbing has held the undisputed independent baseball championship of the northwest for the past seven years and it is no little honor for Brainerd to be selected to fight for the state championship.

With this series scheduled, tomorrow's game will mark the finish of the season at home. The Brainerd team this season has been one of the strongest and most successful teams ever produced in Brainerd and every man in the city should turn out to see the boys perform in the final game of the season at home, not only to show their appreciation of their fine showing this year but to help them meet the heavy expenses of bringing the Colored Gophers here. The big game tomorrow will be called at 3 o'clock instead of 3:30 as heretofore.

### DISPATCH WANT AD PAID

Big Results Achieved by Ed Novotny Who Lost \$10—F. S. Parker Found Money

The value of a Dispatch want ad has been shown by the experience of Ed Novotny, route 2, Brainerd, who lost two \$5 bills and put his ad two times in the Dispatch. F. S. Parker, of Brainerd, found the bills and returned the same to the postoffice, to be given to Mr. Novotny. Today Mr. Novotny called and got his money. The want ad cost but 36 cents, two insertions.

### At the Columbia

A Vitagraph two-reel comedy holds the place of honor tonight at the popular play house. Four of the Vitagraph stars are included in this production and it's bound to be a winner. A fine Indian play with Mena Darkfeather also will be shown, coming well recommended. Edison presents a drama with Barry O'Moore the famous Irish actor. As everyone by this time knows, tomorrow and Monday are baseball nights. A glimpse at the ad will tell the story.

## STATE EXHIBITS PLEASE ILLINOIS

Galesburg, Ill., Aug. 29.—The Minnesota state exhibits at the district fairs of Galesburg, Ill., and LaPorte, Ind., are attracting a great deal of attention and are visited daily by hundreds of people who are interested in seeing the products produced on the cheaper lands of other states. "I have made fairs and land shows with a Minnesota exhibit a number of times in the past," said Fred D. Sherman, commissioner of immigration, who has charge of the exhibit. "I have never seen so much interest displayed as at this show. Drought has hit this country hard the last two years and many renters who are paying \$8 to \$10 per acre cash rent, or giving half of the crop, are discouraged and ready to hunt a new location. Many of them come to the Minnesota exhibit and tell me they are going to leave here in the fall and seek a new location where lands or rentals are lower.

"It is hard for people who have never been out of the state to believe that the four foot clover, thirty inch alfalfa, corn, potatoes, fruit, etc., in the Minnesota booth are products of Minnesota, but when I have a chance to talk with them, and show them our literature all bearing the names of the members of the state board of immigration, which is the governor, secretary of state, state auditor and two others, I can usually convince them that this is not a 'fake' exhibit. "There are a lot of good prospects here, and I believe that if Minnesota Commercial clubs or private parties who have lands to sell would canvass the territory tributary to Galesburg and LaPorte, they would get a lot of new farmers."

H. V. Eastman of Aitkin county, representing the Hill City Commercial club, is attending the Galesburg fair and boosting hard for Aitkin county.

### Notice

I, the undersigned, have resigned as manager of the Brainerd Baseball team, season 1914, and will not O. K. or pay any bills contracted for from August 24, 1914.

D. A. PETERSON.

### Willie Knew.

Papa (hiding something in his hand)—Willie, can you tell me what has heads on one side and tails on the other? Willie (triumphantly)—Oh, I know! It's roosters on a fence—Judge.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it incurable, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 16 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sole V. Druggists for Fall's Kidney Pills for constipation.

### BOOSTERS HAVE MEETING

Commend the County Commissioners in Their Aim to Have New Court House and Jail

The Booster club adopted this resolution introduced by Geo. H. Gardner at their last meeting: "Whereas the present county court house and county jail are wholly inadequate and unsuitable for the needs of this county, and

Whereas, the taxable valuation of this county has increased from \$8,000,000 to \$24,000,000 within the last year which warrants the county in constructing a new court house and jail, and

Whereas the county commissioners of Crow Wing county at their last regular meeting signified their intention of ordering resolutions drawn in the matter of bonds for the construction of such new buildings and to submit said matter to the voters of Crow Wing county,

Resolved that we commend the county commissioners on their action, that we ask the voters of Crow Wing county to unanimously endorse the action by voting for the bonds and thus place Crow Wing county among the foremost counties of the state in the way of public buildings. This county can well afford it now, and let us, like the counties on the Mesaba range, take advantage of our resources of iron ore, etc., while the ore is still in the ground, and secure for this county such suitable public buildings."

It was the opinion that water consumers of Northeast Brainerd be given an equitable rebate for the period when no service was furnished.

### DEATH OF RIVERTON LADY

Mrs. Blanche Barnard Hutchinson, Wife of Frank Hutchinson, Died at Local Hospital

Mrs. Blanche Barnard Hutchinson, wife of Frank Hutchinson, of Riverton, died of Bright's disease at a local hospital yesterday afternoon. She leaves a husband and two boys, aged 8 and 12. The family came from Carthage, Mo., and had resided a year at Riverton where Mr. Hutchinson is employed as an engineer at the mine. She leaves two brothers, L. G. Barnard of Olney, Ill., and Burke Barnard, of Chicago.

The funeral will be held Monday morning at 10 o'clock from the First Congregational church of Brainerd, Rev. G. P. Sheridan officiating. The sympathy of the community is extended the family in its sad bereavement.

### THAT MERRIFIELD AFFAIR

County Commissioner C. A. Krech Says it is Under Jurisdiction of Town Board

County Commissioner C. A. Krech said the mud hole at Merrifield as complained of by R. D. King is not on the state road and lies wholly within the jurisdiction of the town board and not the county. The state road makes a turn to the right better than 300 feet from the southern limits of Merrifield.

It is suggested that if Mr. King take up the matter with the town board, the proper authorities, then the mud hole may be repaired to the satisfaction of Mr. King. County Commissioner Krech also denies having sent up a man with a shovel or any other implement, having no authority to do so.

State Engineer Garrison, says Mr. Krech, has stated he sent a crew up several times this summer and did make necessary repairs and the road is now in as good condition as it can be made with the materials at hand. "The county commissioners," said Mr. Krech, "have made an appropriation for surfacing State Road No. 3 with gravel and clay and are only waiting the extension rims to the dump cars before proceeding with the work."

### A WAY OUT

A Resident of Brainerd Shows the Way

There's one effective way to relieve kidney backache. Liniment and plasters may relieve it;

But they seldom reach the cause. Backache is cause to suspect the kidneys.

Doan's Kidney Pills are for disordered kidneys.

Brainerd people back them up.

Read a case of it.

J. C. Beck, carpenter, 809 Tenth St. S., Brainerd, Minn., says: "Some time ago I had a bad attack of kidney complaint. I couldn't stoop without pain, and was hardly able to do any work at all. I used Doan's Kidney Pills and they soon fixed me up all right so that I was able to work as usual. I haven't been obliged to take any kidney medicine since. I got Doan's Kidney Pills at H. P. Dunn's drug store, and if I ever needed a kidney medicine again, I would certainly take them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Beck had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv't.

### Dying Poor.

It is no disgrace to die poor, but it's a mean trick to play on your relatives. —Boston Transcript.

We are Now Showing

## The Redingote

The Newest Suit Coat

Something new? Yes, indeed, and withal it is most desirable newness. The new "Redingote" is a long coat as illustration and is particularly adapted to a fall suit. It has first of all—style—and it has unusual service and warmth. We are displaying suits made with this coat in our windows and we invite you to see them. Better yet, let us try some on you. That is the only satisfactory way to see a suit.

## More New Skirts

We received some most beautiful skirts yesterday. They are made accor-dian pleated with box pleated long tunics. You should see these too.

"MICHAEL'S"

"MICHAEL'S"

## DEVELOPMENTS OF WEEK ON RANGE

Inland Steel Co. Officials Witness Blast in Thompson Pit Uncovering Manganiferous Ore

### MUCH DRILLING NEAR BARROWS

Ferro-Manganese Situation During War Means Much For Development of Cuyuna Range

Officials of the Inland Steel company visited the company's mine, the Thompson, at Crosby. While there they were most agreeably surprised. A blast had been set off in the pit mine and when the dust settled it disclosed a large body of manganiferous ore. One of this kind is gradually mounting in value because manganese and manganiferous ores, in the past imported from Europe, have now ceased being shipped into the United States and the now visible supply exists only on the Cuyuna iron range. A rumor on the range, to which however not much credence is attached, is to the effect that the Thompson mine, first an underground mine and now a pit mine, may again be changed to an underground proposition.

At St. Paul the state tax commission is in session and Cuyuna range assessments, referred to the board by the county equalization board of Crow Wing county, will be taken up at some announced time. Considerable complaint has been made by some whose assessments were tilted up. The Rowe mine, still in the development stage, was assessed at \$3,000,000. The Kennedy mine of the Rogers, Brown Ore Co., for instance, is a property that cannot be gauged by the usual standards. The Kennedy mine's almost complete equipment was hauled to the property by four-horse wagons. It is the pioneer producer of the district. The mines which came later were the beneficiaries of an active railway development which ran spurs to the properties and hauled material and machinery to the locations as needed.

Steam shovels are now at work at the Armour No. 2 mine of the Rogers, Brown Ore Co. at Crosby and the Kennedy mine of the same company at Cuyuna. The Kennedy mine this year, said Chester D. Tripp, president of the Rogers, Brown Ore Co., will ship 180,000 tons and the Armour No. 2 about 250,000 tons. The Armour No. 1, which did not ship this year, still has in stockpile 1,000 tons. In the Armour No. 2 stockpile there is manganese ore of 6 per cent to 11 per cent. The Rogers, Brown people have 15 per cent manganese ore at their Rogers mine near Iron River, Crystal Falls district, Michigan. A mine which can ship 30 per cent or better manganese gets good prices.

Regarding the effect of the war on ore prices, Mr. Tripp doubted if it would produce much change at the present. It might even curtail production, as the foreign market for manufactured supplies was almost extinguished with countries now in a state of war. There was a great demand for manganese ore and the war would raise the price of that kind of ore. The end of the war would see America firmly established as a great financial power.

The Soo railway is at present handling four or five trains of Cuyuna range ore a day. The cars are assembled at Iron Hub, just east of Cuyuna, and trains of 50 cars each are formed and run to the ore docks. The Northern Pacific railway is handling about eight cars a day from the Cuyuna-Mille Lacs mine and 8 to 12 cars daily from the Cuyuna-Duluth mine. The Soo and Northern Pacific tracks are now used at Iron-

(Continued on Page 4)

### BASEBALL BRIEFS

Al Victor has been out of the city and has been wired to be on hand for the game tomorrow, and will be here, with Larson, on the midnight train. "Swede" Erickson came to town today and has perfected several new Swede phrases to hurl at the colored boys tomorrow.

The \$15,000 outfield, Sheffield, Erickson and Bush will be on the job as usual. Some outfield!

Johnnie Gavin, the star, young catcher will finish his first season and perhaps his last tomorrow, as he is almost certain to be in faster company next year as a result of his splendid showing this year.

"Cap" Templeton will be at his old position at third base. Tommy is the oldest and perhaps the most popular player on the team. He is finishing his tenth season with Brainerd and has helped bring home the bacon in many a close contest. He is especially popular with the players and makes an ideal captain.

Benda, the diminutive shortstop, is another young player who is bound to go up. Brainerd is well known in baseball circles throughout the country and a young player, who makes good here, is bound to be promoted to faster company.

Sig Sheffield, the star center fielder, is still sure death on any fly ball hit in his territory and is batting better this year than ever before. He has been especially strong in the pinches.

Rich Bush is another youngster who has developed rapidly during the present season. Rich is only 18 years old and is sure to go in the direction of his illustrious brother Les.

Frankie Larson, our old reliable second baseman from the cities, will be on the job as usual tomorrow. Last Sunday Frank laced out three long hits out of four trips to the plate.

Freddie Cook is still batting near the 500 mark, his present average being .471. He is anxious to reach the 500 mark before the season is over. The Colored Gophers will arrive Sunday afternoon by way of Staples on the 2:27 train.

### Notice to Contractors

The city council, city of Brainerd, Minnesota, will receive sealed bids for the following Sewers until eight (8) o'clock P. M., September 8th, 1914.

District Sewer No. 3, approximately 2884 feet of 18 inch and 10 inch sewer; Lateral Sewer C-3, District No. 3, 1830 feet of 8 inch, 10 inch, and 12 inch, also Lateral A-4, District No. 5 approximately 1670 feet of 8 inch and 10 inch sewer.

Separate bids only for each item of work will be considered.

Bids must be addressed to the city clerk and plainly marked.

All bids must be accompanied by a certified check for fifteen (15) per cent of the total price bid. Plans, specifications and bidding blanks can be obtained from the City Engineer.

The council reserves the right to reject any and all bids.

C. D. PEACOCK, City Engineer.

29-2-8th.

Pitfalls of Slang.

Big, Spectacular Military Play on Mexican Situation

## "A Mexican Spy in America"

"101 Bison" Two Reel Drama

The daughter of an American colonel is compromised in an effort, on the part of a Mexican Secret Service agent and his female companion, to steal a copy of the U. S. signal corps cipher. It is a painful, not to say criminal position that she suddenly finds herself plunged into. And to lend the situation more of the tragic hue, it is her own sweetheart who accuses her and furnishes the seeming evidence. It is a climax of big suspense. However, Fate, assisted by the young captain's active revolver, clears away the mist and determines the real culprit.

## LAST GAME OF SEASON SUNDAY

Home Game With "Colored Gophers" of Minneapolis Last Time to See Brainerd Lineup

## ACTOR AND GAVIN BATTERY

Two or Three Brainerd Players to Break Into Organized Baseball Next Year

The big game tomorrow between the Brainerd team and the Colored Gophers will be the last home game of the season and perhaps the last time the present Brainerd team will play together as next year two or three of the players will take a crack at organized ball and new players will have to be developed.

Next Saturday, Sunday and Monday the team has been offered dates at Hibbing, Minn., to play for the state championship and have accepted the three game series there next Saturday, Sunday and Monday, Sept. 1st, 2nd and 3rd. Hibbing has held the undisputed independent baseball championship of the northwest for the past seven years and it is no little honor for Brainerd to be selected to fight for the state championship.

With this series scheduled, tomorrow's game will mark the finish of the season at home. The Brainerd team this season has been one of the strongest and most successful teams ever produced in Brainerd and every man in the city should turn out to see the boys perform in the final game of the season at home, not only to show their appreciation of their fine showing this year but to help them meet the heavy expenses of bringing the Colored Gophers here. The big game tomorrow will be called at 3 o'clock instead of 3:30 as heretofore.

## DISPATCH WANT AD PAID

Big Results Achieved by Ed Novotny Who Lost \$10—F. S. Parker Found Money

The value of a Dispatch want ad has been shown by the experience of Ed Novotny, route 2, Brainerd, who lost two \$5 bills and put his ad two times in the Dispatch. F. S. Parker, of Brainerd, found the bills and returned the same to the postoffice, to be given to Mr. Novotny. Today Mr. Novotny called and got his money. The want ad cost but 36 cents, two insertions.

## At the Columbia

A Vitaphone two-reel comedy holds the place of honor tonight at this popular play house. Four of the Vitaphone stars are included in this production and it's bound to be a winner. A fine Indian play with Mena Darkfeather also will be shown, coming well recommended. Edison presents a drama with Barry O'More, the famous Irish actor. As everyone by this time knows, tomorrow and Monday are baseball nights. A glimpse at the ad will tell the story.

## STATE EXHIBITS PLEASE ILLINOIS

Galesburg, Ill., Aug. 29.—The Minnesota state exhibits at the district fairs of Galesburg, Ill., and LaPorte, Ind., are attracting a great deal of attention and are visited daily by hundreds of people who are interested in seeing the products produced on the cheaper lands of other states. "I have made fairs and land shows with a Minnesota exhibit a number of times in the past," said Fred D. Sherman, commissioner of immigration, who has charge of the exhibit. "And I have never seen so much interest displayed as at this show. Drought has hit this country hard the last two years and many renters who are paying \$8 to \$10 per acre cash rent, or giving half of the crop, are discouraged and ready to hunt a new location. Many of them come to the Minnesota exhibit and tell me they are going to leave here in the fall and seek a new location where lands or rentals are lower.

"It is hard for people who have never been out of the state to believe that the four foot clover, thirty inch alfalfa, corn, potatoes, fruit, etc., in the Minnesota booth are products of Minnesota, but when I have a chance to talk with them, and show them our literature all bearing the names of the members of the state board of immigration, which is the governor, secretary of state, state auditor and two others, I can usually convince them that this is not a 'fake' exhibit. "There are a lot of good prospects here, and I believe that if Minnesota Commercial clubs or private parties who have lands to sell would canvass the territory tributary to Galesburg and LaPorte, they would get a lot of new farmers."

H. V. Eastman of Aitkin county, representing the Hill City Commercial club, is attending the Galesburg fair and boosting hard for Aitkin county.

## Notice

I, the undersigned, have resigned as manager of the Brainerd Baseball team, season 1914, and will not O. K. or pay any bills contracted for from August 24, 1914.

D. A. PETERSON.

## Willie Knew.

Papa (hiding something in his hand)—Willie, can you tell me what has been on one side and tails on the other? Willie (triumphantly)—Oh, I know! It's roosters on a fence—Judge.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it incurable, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c. Hall's Kidney Pills for constipation.

## BOOSTERS HAVE MEETING

Commend the County Commissioners in Their Aim to Have New Court House and Jail

The Booster club adopted this resolution introduced by Geo. H. Gardner at their last meeting: "Whereas the present county court house and county jail are wholly inadequate and unsuitable for the needs of this county, and

Whereas, the taxable valuation of this county has increased from \$8,000,000 to \$24,000,000 within the last year which warrants the county in constructing a new court house and jail, and

Whereas the county commissioners of Crow Wing county at their last regular meeting signified their intention of ordering resolutions drawn in the matter of bonds for the construction of such new buildings and to submit said matter to the voters of Crow Wing county,

Resolved that we commend the county commissioners on their action, that we ask the voters of Crow Wing county to unanimously endorse the action by voting for the bonds and thus place Crow Wing county among the foremost counties of the state in the way of public buildings. This county can well afford it now, and let us, like the counties on the Mesaba range, take advantage of our resources of iron ore, etc., while the ore is still in the ground, and secure for this county such suitable public buildings."

It was the opinion that water consumers of Northeast Brainerd be given an equitable rebate for the period when no service was furnished.

## DEATH OF RIVERTON LADY

Mrs. Blanche Barnard Hutchinson, Wife of Frank Hutchinson, Died at Local Hospital

Mrs. Blanche Barnard Hutchinson, wife of Frank Hutchinson, of Riverton, died of Bright's disease at a local hospital yesterday afternoon. She leaves a husband and two boys, aged 8 and 12. The family came from Carthage, Mo., and had resided a year at Riverton where Mr. Hutchinson is employed as an engineer at the mine. She leaves two brothers, L. G. Barnard of Olney, Ill., and Burras Barnard, of Chicago.

The funeral will be held Monday morning at 10 o'clock from the First Congregational church of Brainerd, Rev. G. P. Sheridan officiating. The sympathy of the community is extended the family in its sad bereavement.

## THAT MERRIFIELD AFFAIR

County Commissioner C. A. Krech Says it is Under Jurisdiction of Town Board

County Commissioner C. A. Krech said the mud hole at Merrifield as complained of by R. D. King is not on the state road and lies wholly within the jurisdiction of the town board and not the county. The state road makes a turn to the right better than 300 feet from the southern limits of Merrifield.

It is suggested that if Mr. King take up the matter with the town board, the proper authorities, then the mud hole may be repaired to the satisfaction of Mr. King. County Commissioner Krech also denies having sent up a man with a shovel or any other implement, having no authority to do so.

State Engineer Garrison, says Mr. Krech, has stated he sent a crew up several times this summer and did make necessary repairs and the road is now in as good condition as it can be made with the materials at hand.

"The county commissioners," said Mr. Krech, "have made an appropriation for surfacing State Road No. 3 with gravel and clay and are only waiting the extension rims to the dump cars before proceeding with the work."

## A WAY OUT

A Resident of Brainerd Shows the Way

There's one effective way to relieve kidney backache.

Liniment and plasters may relieve it;

But they seldom reach the cause. Backache is cause to suspect the kidneys.

Doan's Kidney Pills are for disordered kidneys.

Brainerd people back them up.

Read a case of it.

J. C. Beck, carpenter, 809 Tenth St. S., Brainerd, Minn., says: "Some time ago I had a bad attack of kidney complaint. I couldn't stoop without pain, and was hardly able to do any work at all. I used Doan's Kidney Pills and they soon fixed me up all right so that I was able to work as usual. I haven't been obliged to take any kidney medicine since."

I got Doan's Kidney Pills at H. P. Dunn's drug store, and if I ever needed a kidney medicine again, I would certainly take them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Beck had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advt.

## Dying Poor.

It is no disgrace to die poor, but it's a mean trick to play on your relatives.

"MICHAEL'S"

## DEVELOPMENTS OF WEEK ON RANGE

Inland Steel Co. Officials Witness Blast in Thompson Pit Uncovering Manganiferous Ore

## MUCH DRILLING NEAR BARROWS

Ferro-Manganese Situation During War Means Much For Development of Cuyuna Range

Officials of the Inland Steel company visited the company's mine, the Thompson, at Crosby. While there they were most agreeably surprised. A blast had been set off in the pit mine and when the dust settled it disclosed a large body of manganiferous ore. One of this kind is gradually mounting in value because manganese and manganiferous ores, in the past imported from Europe, have now ceased being shipped into the United States and the now visible supply exists only on the Cuyuna iron range. A rumor on the range, to which however not much credence is attached, is to the effect that the Thompson mine, first an underground mine and now a pit mine, may again be changed to an underground proposition.

At St. Paul the state tax commission is in session and Cuyuna range assessments, referred to the board by the county equalization board of Crow Wing county, will be taken up at some announced time. Considerable complaint has been made by some whose assessments were tilted up. The Rowe mine, still in the development stage, was assessed at \$3,000,000. The Kennedy mine of the Rogers, Brown Ore Co., for instance, is a property that cannot be gauged by the usual standards. The Kennedy mine's almost complete equipment was hauled to the property by four-horse wagons. It is the pioneer producer of the district. The mines which came later were the beneficiaries of an active railway development which ran spurs to the properties and hauled material and machinery to the locations as needed.

Steam shovels are now at work at the Armour No. 2 mine of the Rogers, Brown Ore Co. at Crosby and the Kennedy mine of the same company at Cuyuna. The Kennedy mine this year, said Chester D. Tripp, president of the Rogers, Brown Ore Co., will ship 180,000 tons and the Armour No. 2 about 250,000 tons. The Armour No. 1, which did not ship this year, still has in stockpile 10,000 tons. In the Armour No. 2 stockpile there is manganese ore of 6 per cent to 11 per cent. The Rogers, Brown people have 15 per cent manganese ore at their Rogers mine near Iron River, Crystal Falls district, Michigan. A mine which can ship 30 per cent or better manganese gets good prices.

Regarding the effect of the war on ore prices, Mr. Tripp doubted if it would produce much change at the present. It might even curtail production, as the foreign market for manufactured supplies was almost extinguished with countries now in a state of war. There was a great demand for manganese ore and the war would raise the price of that kind of ore. The end of the war would see America firmly established as a great financial power.

The Soo railway is at present handling four or five trains of Cuyuna range ore a day. The cars are assembled at Iron Hub, just east of Cuyuna, and trains of 50 cars each are formed and run to the ore docks. The Northern Pacific railway is handling about eight cars a day from the Cuyuna-Mille Lacs mine and 8 to 12 cars daily from the Cuyuna-Duluth mine. The Soo and Northern Pacific tracks are now used at Iron-

## BASEBALL BRIEFS

Al Victor has been out of the city and has been wired to be on hand for the game tomorrow, and will be here, with Larson, on the midnight train.

## DEVELOPMENTS OF WEEK ON RANGE

(Continued from page 3)

ton for the transportation of overburden from the Pennington pit mine to the town and low places near the Northern Pacific tracks in the south end of town are being filled in. To date 1,500 cars have been unloaded at Ironton. Third street will soon be up to grade. Fred A. Baxter, of Superior, Wis., is putting in the extension to connect the Crosby Soo depot with the Ironton Northern Pacific depot. McCullough & Cheney are working at the connection which the Northern Pacific is making with the Soo at Cedar Lake.

An additional crew has been put to work at the Kennedy mine. The Thompson pit mine of the Inland Steel Co. has a night crew added. Increased demand for ore is causing an increase in the size of crews. Steam shovels are now at work at the Armour No. 2 and the Kennedy mines.

The week has been quiet in the way of filing options or transfers. Thomas Kileen has given a release of option and lease to Frederick L. Haug covering the south half of the northeast quarter of section 27, township 47, range 28. The Barrows Mining Co. is down 235 feet in its first hole near the town of Barrows and the hole is now bottomed in 55 per cent ore. It is reported. The Barrows-Mississippi Iron Co. is drilling its second hole. Drills are working east of section 15, township 44, range 31. The William Seafeld Exploration Co. of Ironton is drilling on the north and south ranges. Drills are working in section 9, township 44, range 31 for the Barrows-Mississippi Iron Co. near Barrows and in section 16, township 44, range 31 near Barrows for the Barrows Mining company. Charles J. Frederickson, of Duluth, has a drill near Barrows in section 19. In section 3, township 46, range 29 the Seafeld Exploration Co. is drilling for the Cuyuna-Sultana Co. and in section 29, township 47, range 28 the company is drilling for the Iron Valley Mining Co.

The Ecogal Co. of Duluth, has 3 drills working in section 29, township 47, range 27 on the Baake farm on the east side of Cedar Lake. T. R. Foley, of Aitkin, has a drill in section 17, township 47, range 26. The Hale-Bradley Exploration Co. is drilling in section 9, township 46, range 28, being on their second hole. The Stowell Exploration Co. is operating two drills in section 33, township 47, range 29. Assay offices report an increasing demand for manganese assays. Visitors on the range were A. J. Harker, who has a drill working at Woolford's, John A. Savage of Duluth and W. D. Savage of New York city. P. W. Donovan who accompanied E. J. Longyear, of Minneapolis, about the range; C. E. Hendrick of Virginia and Senator C. J. Swanson of Minneapolis. Senator Swanson has numerous interests on the range and follows its development closely.

The Longyear Co. is exploring the Crow Wing county poor farm in the south half of the northwest quarter of section 33, township 45, range 30. It has an option to drill nine holes and if the prospects are favorable may close a mining lease with the county. Reports are made to the county commissioners of progress in drilling. In hole No. 4 considerable ore was found and hole No. 5, on which they are now working, is also making a favorable showing. To date in hole No. 5 there has been found surface 240 feet; soft, tan yellow fer schist 60 feet; ore and brown fer. slate 5 feet; ore 30 feet; hard cherty ore 8 feet; ore 17 feet, making a total of 360 feet. No assays were made for manganese, although in view of the general demand for manganese it would cost but little more to also assay for manganese in addition to straight iron and phosphorus. The Lerch Brothers assay reports give these results: From 305 feet to 310 feet, iron 54.07, phos. 1.356; 310 to 315 feet iron 48.28, phos. 1.314; from 315 to 320 feet iron 52.73, phos. 1.314; from 320 to 325 feet iron 57.96, phos. 1.420; from 325 to 330 feet iron 53.58, and phos. 1.390; from 330 to 335 feet iron 56.05 and phos. 1.498; from 335 to 338 feet iron 45.65 and phos. 1.372; from 338 to 343 feet iron 48.92 and phos. 1.284; from 343 to 347 iron 50.18 and phos. 1.195; from 347 to 350 iron 48.64 and phos. 1.444; from 350 to 355 feet iron 51.06 and phos. 1.366; from 355 to 360 feet iron 52.21 and phos. 1.258.

H. J. Kruse, of Crosby, has drills at work on the Mickelson and Peterson farms in Little Pine township. The Duluth Diamond Drill Co. is drilling near Emily where the Rouchleaus of Minneapolis have large holdings.

The Brainerd-Cuyuna mine in Brainerd is sinking a timber drop shaft under the supervision of D. C. Peacock of Brainerd. The Adams mine at Oreland is hoisting ore and stockpiling. None has yet been shipped. The Wilcox mine at Woodrow is sinking its shaft to the point where drifting is to be done. The shaft was anchored in solid rock. The Croft mine at Crosby is building its concrete steel reinforced chimney which will be the tallest on the range. The other concrete chimney is at the Adams mine at Oreland. The Pennington pit mine has a shov-

el at work. The Thompson and Rowe pit mines are shipping steadily.

The Iron Mountain mine has given E. D. Hails, of Neenah, Wis., an option for a lease at 40 cents a ton and \$50,000 cash bonus, the 40 cents a ton being in addition to present royalties of the company.

The annual meeting of the Cuyuna-Duluth Iron company was held on August 24 and the following board of directors was elected: E. E. Marshall, A. G. Dixon, Wm. A. Power, Wm. E. Arnold, Wm. Selfridge, all of Philadelphia; W. H. Denny, O. J. Wendlandt, W. H. Locker and E. J. W. Donahue, all of Duluth; C. B. Rowley, Brainerd and T. W. Stevenson, Minneapolis. The officers elected were President and General Manager E. J. W. Donahue, vice president O. J. Wendlandt, secretary and treasurer W. H. Locker.

At the annual meeting of the Cuyuna-Mille Lacs Iron company held August 4 the following board of directors was elected: E. E. Marshall, A. G. Dixon and Wm. Selfridge, all of Philadelphia; O. J. Wendlandt, Ernest LeDuc, W. H. Locker and E. J. W. Donahue, all of Duluth. The officers elected were as follows: President and general manager E. J. W. Donahue, vice president O. J. Wendlandt, secretary and treasurer W. H. Locker.

The meeting of the Duluth-Brainerd Iron company held August 24 was an enthusiastic one. It was largely attended.

The Iron Trade Review, of Cleveland, Ohio, in its issue of August 27 says that "foreign inquiries, unprecedented as to the variety of iron and steel products desired and as to the number of countries wishing to place orders in the United States, are being received, and in some cases, including a sale of a fair tonnage of wire rods for delivery in England, orders have been booked, but for the most part, foreign business has not taken definite form on account of the uncertainties as to transportation and other complications connected with the prevailing war in Europe."

England may ship in some ferro-manganese. The usual quotation is now \$100, tidewater. Prices of manganese ore have advanced rapidly. Consideration is being given to various deposits of manganese ore and manganiferous ore in different parts of the United States and Cuba, but opinions vary widely as to the extent to which these deposits can be utilized in making up the present shortage in ferro-manganese.

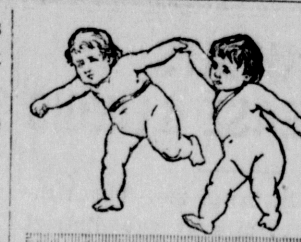

Warehouse prices of iron and steel products have been advanced from \$1 to \$2 a ton in the Philadelphia district, in harmony with recent ad-

vances in mill prices. Quotations from store in other centers have not yet been changed.

At Pittsburgh, says the Iron Trade Review, the ferro-manganese situation has not appeared so acute the last few days and prices have dropped back to a basis of about \$100 a ton at the eastern seaboard, but consumers in this district will not be content to rest on their oars until it is absolutely certain that tonnages can be obtained without difficulty. The rapidly increasing magnitude of the complicated situation abroad has made it impossible to forecast the trend of events the next few weeks.

Representatives of the American Manganese Mfg. Co., Philadelphia, which controls the Dunbar Furnace Co. plant at Dunbar, Pa., continue to offer alloy, ranging from 35 to 40 per cent in manganese. Reports again came out last week to the effect that ferro-manganese had been placed on the embargo list, but these rumors are unfounded.

A report of a survey of the University of Minnesota school of mines to the Minnesota tax commission, filed yesterday, shows approximately 90,000,000 tons of iron ore on the Cuyuna range. The report will be used by the commission to prepare valuation for assessments on range properties.

## That Wonderful Ever

IF THERE is a time above all times when a woman should be in perfect physical condition it is the time previous to the coming of her babe.

During this period many women suffer from headache, sleeplessness, pains of various description, poor appetite, and a host of other ailments which should be eliminated in justice to the new life about to be ushered into this world.

## DR. PIERCE'S FAVORITE PRESCRIPTION

is a scientific medicine carefully compounded by an experienced and skillful physician, and adapted to the needs and requirements of woman's delicate system. It has been recommended for over forty years as a remedy for those peculiar ailments which make their appearance during "the expectant" period. Motherhood is made easier by its use. Thousands of women have been benefited by this great medicine.

Your druggist can supply you in liquid or tablet form, or you can send 50 one-cent stamps for a trial box of Dr. Pierce's Favorite Prescription Tablets, to Dr. Pierce, at Invalids' Hotel and Surgical Institute, Buffalo.

It is your privilege to write to Dr. Pierce for advice, and it will be gladly given free of charge. Of course all communications are confidential.

## DEVELOPMENTS OF WEEK ON RANGE

(Continued from page 3)

ton for the transportation of overburden from the Pennington pit mine to the town and low places near the Northern Pacific tracks in the south end of town are being filled in. To date 1,500 cars have been unloaded at Ironton. Third street will soon be up to grade. Fred A. Baxter, of Superior, Wis., is putting in the extension to connect the Crosby Soo depot with the Ironton Northern Pacific depot. McCullough & Cheney are working at the connection which the Northern Pacific is making with the Soo at Cedar Lake.

An additional crew has been put to work at the Kennedy mine. The Thompson pit mine of the Inland Steel Co. has a night crew added. Increased demand for ore is causing an increase in the size of crews. Steam shovels are now at work at the Armour No. 2 and the Kennedy mines.

The week has been quiet in the way of filing options or transfers. Thomas Kileen has given a release of option and lease to Frederick L. Haug covering the south half of the northeast quarter of section 27, township 47, range 28. The Barrows Mining Co. is down 235 feet in its first hole near the town of Barrows and the hole is now bottomed in 55 per cent ore, it is reported. The Barrows-Mississippi Iron Co. is drilling its second hole. Drills are working east of section 15, township 44, range 21. The William Seafeld Exploration Co. of Ironton is drilling on the north and south ranges. Drills are working in section 9, township 44, range 21 for the Barrows-Mississippi Iron Co. near Barrows and in section 16, township 44, range 21 near Barrows for the Barrows Mining company. Charles J. Frederickson, of Duluth, has a drill near Barrows in section 19. In section 7, township 46, range 29 the Seafeld Exploration Co. is drilling for the Cuyuna-Sultana Co. and in section 29, township 47, range 28 the company is drilling for the Iron Valley Mining Co.

The Ecogal Co. of Duluth, has 3 drills working in section 29, township 47, range 27 on the Baake farm on the east side of Cedar Lake. T. R. Foley, of Aitkin, has a drill in section 17, township 47, range 26. The Hale-Bradley Exploration Co. is drilling in section 9, township 46, range 28, being on their second hole. The Stowell Exploration Co. is operating two drills in section 33, township 47, range 29. Assay offices report an increasing demand for manganese assays. Visitors on the range were A. J. Harker, who has a drill working at Woolford's, John A. Savage of Duluth and W. D. Savage of New York city, P. W. Donovan who accompanied E. J. Longyear, of Minneapolis, about the range; C. E. Hendrick of Virginia and Senator C. J. Swanson of Minneapolis. Senator Swanson has numerous interests on the range and follows its development closely.

The Longyear Co. is exploring the Crow Wing county poor farm in the south half of the northwest quarter of section 33, township 45, range 30. It has an option to drill nine holes and if the prospects are favorable may close a mining lease with the county. Reports are made to the county commissioners of progress in drilling. In hole No. 4 considerable ore was found and hole No. 5, on which they are now working, is also making a favorable showing. To date in hole No. 5 there has been found surface 240 feet; soft, tan yellow fer schist 60 feet; ore and brown fer. slate 5 feet; ore 30 feet; hard cherty ore 8 feet; ore 17 feet, making a total of 360 feet. No assays were made for manganese, although in view of the general demand for manganese it would cost but little more to also assay for manganese in addition to straight iron and phosphorus. The Lerch Brothers assay reports give these results: From 305 feet to 310 feet, iron 54.07, phos. 1.356; 310 to 315 feet iron 48.28, phos. 1.314; from 315 to 320 feet 52.73 iron, 576 phos.; from 320 to 325 feet iron 57.96 phos. 420; from 325 to 330 feet iron 53.58, and phos. 390; from 330 to 335 feet iron 56.05 and phos. 498; from 335 to 338 feet iron 45.65 and phos. 372; from 338 to 343 feet iron 48.92 and phos. 284; from 343 to 347 iron 50.18 and phos. 195; from 347 to 350 iron 48.64 and phos. 444; from 350 to 355 feet iron 51.06 and phos. 366; from 355 to 360 feet iron 52.21 and phos. 258.

H. J. Kruse, of Crosby, has drills at work on the Mickelson and Peterson farms in Little Pine township. The Duluth Diamond Drill Co. is drilling near Emily where the Rouchleaus of Minneapolis have large holdings.

The Brainerd-Cuyuna mine in Brainerd is sinking a timber drop shaft under the supervision of D. C. Peacock of Brainerd. The Adams mine at Oreland is hoisting ore and stockpiling. None has yet been shipped. The Wilcox mine at Woodrow is sinking its shaft to the point where drifting is to be done. The shaft was anchored in solid rock. The Croft mine at Crosby is building its concrete steel reinforced chimney which will be the tallest on the range. The other concrete chimney is at the Adams mine at Oreland. The Pennington pit mine has a show-

el at work. The Thompson and Rowe pit mines are shipping steadily.

The Iron Mountain mine has given E. D. Beals, of Neenah, Wis., an option for a lease at 40 cents a ton and \$50,000 cash bonus, the 40 cents a ton being in addition to present royalties of the company.

The annual meeting of the Cuyuna-Duluth Iron company was held on August 24 and the following board of directors was elected: E. E. Marshall, A. G. Dixon, Wm. A. Power, Wm. E. Arnold, Wm. Selfridge, all of Philadelphia; W. H. Denny, O. J. Wendlandt, W. H. Locker and E. J. W. Donahue, all of Duluth; C. B. Rowley, Brainerd and T. W. Stevenson, Minneapolis. The officers elected were President and General Manager E. J. W. Donahue, vice president O. J. Wendlandt, secretary and treasurer W. H. Locker.

At the annual meeting of the Cuyuna-Mille Laes Iron company held August 4 the following board of directors was elected: E. E. Marshall, A. G. Dixon and Wm. Selfridge, all of Philadelphia; O. J. Wendlandt, Ernest LeDuc, W. H. Locker and E. J. W. Donahue, all of Duluth. The officers elected were as follows: President and general manager E. J. W. Donahue, vice president O. J. Wendlandt, secretary and treasurer W. H. Locker.

The meeting of the Duluth-Brainerd Iron company held August 24 was an enthusiastic one. It was largely attended.

The Iron Trade Review, of Cleveland, Ohio, in its issue of August 27 says that "foreign inquiries, unprecedented as to the variety of iron and steel products desired and as to the number of countries wishing to place orders in the United States, are being received and in some cases, including a sale of a fair tonnage of wire rods for delivery in England, orders have been booked, but for the most part, foreign business has not taken definite form on account of the uncertainties as to transportation and other complications connected with the prevailing war in Europe."

England may ship in some ferro-manganese. The usual quotation is now \$100, tidewater. Prices of manganese ore have advanced rapidly. Consideration is being given to various deposits of manganese ore and manganiferous ore in different parts of the United States and Cuba, but opinions vary widely as to the extent to which these deposits can be utilized in making up the present shortage in ferro-manganese.

Warehouse prices of iron and steel products have been advanced from \$1 to \$2 a ton in the Philadelphia district, in harmony with recent ad-

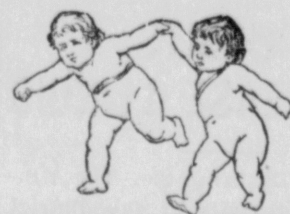

vances in mill prices. Quotations from store in other centers have not yet been changed.

At Pittsburgh, says the Iron Trade Review, the ferro-manganese situation has not appeared so acute the last few days and prices have dropped back to a basis of about \$100 a ton at the eastern seaboard, but consumers in this district will not be content to rest on their oars until it is absolutely certain that tonnages can be obtained without difficulty. The rapidly increasing magnitude of the complicated situation abroad has made it impossible to forecast the trend of events the next few weeks.

Representatives of the American Manganese Mfg. Co., Philadelphia, which controls the Dunbar Furnace Co. plant at Dunbar, Pa., continue to offer alloy, ranging from 35 to 40 per cent in manganese. Reports again came out last week to the effect that ferro-manganese had been placed on the embargo list, but these rumors are unfounded.

A report of a survey of the University of Minnesota school of mines to the Minnesota tax commission, filed yesterday, shows approximately 90,000,000 tons of iron ore on the Cuyuna range. The report will be used by the commission to prepare valuation for assessments on range properties.

# LET'S GO!

VI.

The LIBERATI CONCERT BAND

Has such a rep throughout the land

That OTHER FAIRS of wide renown

Were peeved when LIBBY turned them down.

For only fifty cents a throw

You'll see both BAND and FAIR—LET'S GO!

MINNESOTA STATE FAIR AND EXPOSITION

Hamline, Minn., September 7-12.
